Mercury is more of a leisure boating brand, and Mariner is more a fishing-centric nameplate. The OEM outboard parts inside are the same. How is a Mercury outboard different from a Mercury race outboard? The Mercury race outboard uses different engineering inside and often includes lighter materials like carbon fiber in its construction.

Embrace Possibility. Mercury FourStroke outboard motors are incredibly powerful and efficient, and they feature a wide range of applications. Crafted for less weight and high displacement, they generate abundant torque and immediate power. And because they don't have to work as hard as heavier engines or those with lower displacement, they make boats plane faster and accelerate better, and ...

I'm looking for a manual for a 4 HP 2-stroke Mercury outboard from 1981. It's Belgian made, two cylinder, serial # 9321742, although Mercury advised that I'd need to put a zero before the serial number (so, 09321742). I believe it's model 4200 (or 1004200). Thanks, Steve #46. branden crowell (Saturday, 20 June 2020 05:42)
