Yet the world is increasingly polarized and communities struggle to get along. That may be part of the reason that globalization has bypassed the goal of an inclusive global community, suggests George Rupp in his book Beyond Individualism: The Challenge of Inclusive Communities.

### **Beyond Individualism: The Challenge of Inclusive ...**

Drawing on decades of research and experience, Rupp pushes modern individualism beyond its foundational beliefs to recognize the place of communal practice in our world. Affirming the value of communities and the productive role religion plays in many lives, he advocates new solutions to such global challenges as conflicts in the developing world, income inequality, climate change, and mass migration.
