ECA Talent management portal user manual

The term 'manual' or 'guide' both usually refer to a document whose main aim is to provide information or instructions. It is generally expected that guide are shorter, concise and more to the point than manual. A manual is expected to give more in-depth information and instruction than a guide. However, in practicality, the terms are often used interchangeably.

Difference between Manual and Guide | Manual vs Guide

CAPTCHA is a security tool created by Google to protect your site from robot or malware. Often it will only request the "I'm Not A Robot" tick box option, but if the browser has detected any suspicious activity such as multiple attempts from the same IP address, it'll ask further security selections to be certain.
