The history of film is full of advances that have changed the seventh art ever since, both in the way it is produced and in the way in which the public has enjoyed it. From the first Lumière brothers projections to modern computer-generated graphic films, the industry has not stopped innovating to make better films.

7 Advances in Technology that have Revolutionized the Film ...

The purpose of this study is to examine contemporary cultural meanings of female childlessness and come to understand these meanings in relation to historical meanings of childlessness. The contemporary shifts in the meaning of childlessness reflect America's struggle with women's changing social roles, particularly since the mid-1960s. As more women are stepping outside of the domestic sphere

The field of meanings of childlessness in contemporary ...

As the evolution of film has progressed, the catalogue of cinematic formal elements has grown, enabling filmmakers to, at their discretion, make more complex films. Even restricted to the confines of what Tom Gunning calls “cinema of attractions,” the dominant paradigm before 1908 (73), this is evident.
