To insure that the proper help is given with the answers to the ap biology protein synthesis-transcription and translation lab it is best to ask the teacher of the course for assistance.

### **Do you have the answers for AP Biology lab 10? - Answers**

Answer 1: "We raise medaka fish in the classroom for developmental studies in Anatomy and in AP Biology. Using the eggs for heart rate and temperature is a bonus and the eggs will still hatch after the lab if care is taken. Medaka eggs hatch in about 14 days. The heart is beating very early on in development and it is easy to count the beats.
