### **Automated ETL Testing on the Data Quality of a Data Warehouse**

What's Involved in Data Testing? According to authors Doug Vucevic and Wayne Yaddow in the book "Testing the Data Warehouse Practicum: Assuring Data Content, Data Structures and Quality", some of the main challenges of data testing are: Data Completeness Verifying that all data has been loaded from the sources to the target.

### **What is a Data Warehouse and How Do I Test It?**

Testing here is designed to test and measure the ability of a business system to reason in a business or commercial occupational setting rather than demonstrating mental and intellectual agility alone. But internally, it all comes down to the testing of real data in the warehouses which is a manifold process in itself, covering the ETL part.
